The Kauai-Maui bowling contest which took place Saturday afternoon and evening—the Maui team playing in the afternoon and the home team in the evening—was the first contest ever pulled off between these two islands, and consequently created much interest.

Considering the amount of practice the Maui team has had their score is a very creditable one, while on the other hand little can be said in way of an excuse for the home team's fall-down. It was a case of interest running high and scores running low.

A few minutes to eight o'clock, the crowd having about all showed up, the team lined up and at eight, with Paul Schmidt as judge, C. Maser sent the first ball over the line and the contest was on. The game was marked with much enthusiasm despite the apparent inability to strike and spare at will, the boys making determined efforts to the very last inning to do their utmost. Fate was unkind to them however and while they had not yet heard of Maui's score, they felt pretty sure that their own would not be difficult to beat. A wireless received Sunday morning announced the Maui's score, which also signaled Kauai's defeat.

A feature which greatly added to the contest, was the offer of a beautiful stein by the Kegel Club to the player getting the highest score during the contest. H. Wolters captured this handsome trophy with the score of 152 4-5.

A number of visitors were present among whom were Paul Schmidt, Mr. Waggoner and Mr. Howell. Mr. Schmidt as judge, acquitted himself with distinction, receiving a vote of thanks from the club.

Another contest may follow, to be played off some time in January, arrangements for which are said to be already under way.

The next semi-annual bowling contest between members of the Kegel Club will take place December 30, at 7 p. m. The coming contest is looked forward to with much speculation as it is rumored that former records are to be smashed into smithereens.

## CITY OFFICIAL IS OUR VISITOR

Harry Murray a member of the Honolulu Board of Supervisors, returned to Honolulu Saturday after a brief business trip to Kauai. Mr. Murray while here was the guest of Representative J. H. Conney.

## TRUANT LAW CAUSE OF ACTIVITY IN COURT

Reprimand From Court and Suspension of Sentence For Thirteen Months Given In Each Case.

### MAIL IN BREAKDOWN

Accident Partly Due to Dangerous Railroad Crossing Which Should Have Prompt Attention.

Judge Dole's court was the scene of much activity last Thursday, there being the heads of three families of our Portuguese populace up for an opportunity to explain their contempt and apparent disregard for the "truant law". The cases were in connection with the Lihue school, consequently Miss Mumford was there for the prosecution and so well was her case established that a plea of guilty was rendered by the offending trio who in turn were each given a suspension of sentence for thirteen months.

Supervising Principal Brodie's presence was also found helpful, as he was able to explain a few minor points in connection with the case.

The Portuguese parents, as a rule, do not fully realize the importance of education. They are too apt to mis-state facts in connection with the age of their children, that the child may sooner become a bread-earner. The Portuguese children are naturally bright, and the attitude of their parents in regard to their education, blights the prospects of many a promising young lad. It is only when one hesitates long enough to consider the fact that the present school boy is our hope for the future upholding of Territorial affairs that the gravity of the offense of these thoughtless parents, itself in the proper light.

## A BIG SHIPMENT OF KAUAI CATTLE

Two hundred head of prize-winning yearling Sussex heifers were delivered on board an Inter-Island steamer here last week, being products of the W. H. Rice Ranch, and destined for Lanai. This is the largest bunch of cattle disposed of here at once for some time.

## MAIL CAR MEETS WITH BIG PILIKIA

Waimea Mail Car No. 38 while bound for Nawiliwili the other evening began skidding when the driver applied the brakes with the result that the car turned completely round, the right rear wheel coming in contact with the embankment with such force that the axle snapped off near the inner rim of the wheel. The driver was approaching the rail-road crossing below Hotel Fairview and was applying his brakes for such when the accident occurred.

This crossing is the worst on the island and whoever is responsible for its condition, would do well to give it their attention.

## KAUAI POULTRY TO BIRD SHOW

W. H. Rice, Jr. will have several choice birds in the Hawaiian Poultry Show this year. Saturday's Kinau carried a coop of Orpingtons which surely should give the first prize winners a close rub. Mr. Rice is becoming quite a chicken fancier, the various specimens found in his pens, bespeaking most excellent judgment.

## 150 ENTOMBED IN COAL MINE

One hundred and fifty miners were entombed in a coal mine near Knoxville Tenn. yesterday.

## STABBING AFFRAY IN LIBRARY FAIR THIS KAPAIA DIVE YEAR WAS HUGE THURSDAY SUCCESS

Drunken Japanese Plunges a Knife Into Innocent By-stander, a Filipino, Who May Die.

### WOMAN BADLY HURT

Thrown From Wagon, Lands on Her Face—Lower Jaw Dislocated And Teeth Badly Damaged

A Filipino labor residing in Kapaia lies at death's door in the Lihue hospital from the effects of a knife wound near the heart, the result of a cowardly attack by a drunken Japanese.

It seems that the Japanese entered the Kapaia pool room, and after attempting to provoke members of a crowd of Filipinos who were playing pool, to a "fight," he pulled a wicked looking table knife from his clothes, gave it a wild brandish and with a vile expression flung himself out through the door. His conduct while in the hall had been such as to arouse curiosity without, and among those who had gathered outside was a Filipino boy, who unfortunately was standing close by the side walk, and as the drunken brute passed, without cause, whatever, he thrust the knife into the unsuspecting boy's side, the knife penetrating the left lung in such a manner as to permit the blood to pass directly from the lung to the surface. The would-be murderer secreted himself in a near-by building where he was later found by the police, who had hurried to the scene of trouble.

The Filipino was taken to the hospital, and the Jap to jail. Much excitement followed immediately upon the murderous attack. Missiles of every description were hurled at and through the window, leaving the building very much of a wreck.

The Japanese is a member of a gang of loafers who is said to exist chiefly through this gambling propensities and whose nefarious work has been carried on with a greater degree of success since the establishment of the pool room. To a reporter, a prominent neighbor said that Kapaia had always been a nice place to live in until the opening of this pool room.

That his opinion is shared by the community in general was evidenced by others who spoke in the same strain. The officials will probably investigate conditions and if they find grounds for action in the matter will, take steps to remedy the cause.

## WOMAN HURT IN A RUNAWAY

(Special to the Garden Island)

HANALEI, Dec. 11.—A frightened horse, hitched to a vegetable wagon, occupied by a Japanese and his wife and child, dashed down the main thoroughfare here Saturday morning, spilling the occupants in various directions. The child and father escaped with a very few minor bruises, but the mother had the misfortune to fall face downward, striking the macadam with her mouth. As a result, she is reported to have lost nearly all her front teeth and received a fracture of the lower jaw. She was taken to her home at once, where her injuries were carefully attended.

## LOVE GIVEN FOUR YEARS

Love, a former marine and one time widely known local theatrical manager and who has been found guilty of embezzlement in connection with the naval store in Honolulu, left for the coast last week, where he goes to begin a four years' term in State's prison.

Everybody Had a Good Time and Buying Was Decidedly Keen Throughout the Entire Session.

### INDIANS DON PAINT

New Church For Hanalei—Oriental Peace May Come Soon—May Investigate Mountain King

The 12th annual fair for the benefit of the Lihue Library was held on Thursday afternoon last. Promptly at 3 p. m. on the ringing of the bell the choicest things were snapped up by waiting purchasers who had their eyes on them.

Receipts were: Fancy work Table \$81.50 Candy Table 13.50 Total \$95.00

On behalf of the Library Mr. Lydgate extends his thanks to the friends who so kindly donated valuable articles and also to those who came and bought them. More especially as they were in many cases the same persons—and thus a double charity—also to those who served on committees—a triple charity!

## INDIANS MENACE TO MEXICO'S LAW

Mexico is threatened with a new menace. This time it is the redskins. They are up in arms chiefly on account of actions upon the part of the Mexican government in dispossessing them of their lands. They are in open rebellion and repudiate the existing agreement with the government, and ask for the return of the land. As a rule the Yaqui Indian is a peaceful individual, but being possessed with a high degree of justice is quick to resent any attempt to encroach upon his rights—hence the periodical uprising of this fast diminishing tribe.

## MODERN CHURCH FOR HANALEI

A beautiful new, modern church is in hand for Hanalei to be erected on a site adjoining the present old church. The building is to be 42x62 ft. with seat accommodation for 250 or 300. The architecture will be Gothic in style, the plans by Ripley and Reynolds. This beautiful church will be the gift of the Wilcox Brothers to the Hanalei people. Another generous deed!

## WAR OPERATIONS ARE SUSPENDED

News from Tokio Saturday was to the effect that the outlook for peace had not looked brighter since hostilities began, and that all fighting had been suspended to allow peace envoys to start negotiations for peace. At the same time it was learned that the recent massacre was more serious than reported, four Americans having been slain.

The young emperor is reported to have sought refuge either in the U. S. A. or the Japanese Legation.

## TO INVESTIGATE MOUNTAIN KING

Mountain King in which a number of our local men are interested is reported to be under fire, a committee having been appointed for the purpose of carrying on an investigation to begin at once.
